

## **National Board of Chiropractic Examiners Rules and Regulations**

**REGISTRATION REQUIREMENT:** For security reasons you may only bring into the test room a valid government-issued photo ID and those items specially authorized by the NBCE. No electronic devices, jewelry of any kind (except you wedding ring/band), purses, backpacks, notes/reference materials, or food/drinks.

- NBCE personnel will not be responsible for your personal items.
- At registration you must show a government-issued picture ID, such as a driver's license. You will not be admitted into the testing area without proper identification.
- **You will be subject to individual security screening, including the use of metal detection devices. I understand that examinees who refuse to submit to individual security screenings may be denied entrance to or be removed from the testing area.**

**DISQUALIFICATION:** I understand my actions may be reported to school officials and transcripts sent to state boards may be annotated in the event of the following:

- 1) That I provided false or misleading information or committed forgery on my application.
- 2) That I take an examination for another person or that another person takes an examination in my place.
- 3) That observation or statistical analyses reveal I have given or received aid in the examination.
- 4) That I engage in any act or conduct that jeopardizes or could jeopardize the security or integrity of NBCE examinations.
- 5) That I engage in any action that may invalidate the examination results, including removing items from the testing room.
- 6) That I engage in any behavior that is disruptive, offensive, or inappropriate in the testing environment.

**Additionally, the NBCE reserves the right to withhold, cancel, or revoke an examinee's results and require an examinee to retake any examination(s) if there is sufficient evidence that the security of the examination or the validity of the examinee's results have been compromised.**

**COPYRIGHT NOTICE:** All NBCE examinations and all questions contained therein are copyright protected. You could be found guilty of violating federal copyright law if you attempt to record or transmit, in any manner, any portion of any NBCE examination for use by another party. Many states could view such action as justification for denying a candidate a license to practice chiropractic. Implication could result in disqualification or ineligibility for an NBCE Certificate of Attainment.

**LICENSURE REQUIREMENTS:** Each state imposes unique requirements for licensure. Please contact the licensing authority in the state(s) in which you intend to practice for current information on licensure requirements and privileges afforded to those who hold the NBCE certificate, as well as to those who successfully complete the Physiotherapy or Acupuncture examination.

**SCORE REPORTING:** Scores will be available on your MyNBCE account at [www.mynbce.org](http://www.mynbce.org) six weeks after the examination. Transcripts are sent electronically to state boards upon receipt of the NBCE transcript request.
