# You Are Here Today Because You Are Already a Leader

Here at the NBCE, we know that information, ideas, and visions discussed this weekend come from people who are already leaders in the chiropractic profession.

# Today, We Will Cover

- ▶ We will share information about the inner workings of the NBCE, including:
  - ▶ The importance of valid, fair, standardized exams
  - ▶ How we develop written and practical exams
  - ▶ The cost of testing

## You Will Meet

- ▶ NBCE department managers will share how we serve main constituencies, such as state licensing boards, colleges, and students.
- ▶ The FCLB President will explain how their organization serves state boards.
- ▶ We'll share the latest information on computer-based testing, as well as other innovations with the Part IV Practical Exam.
- ▶ Tomorrow, NBCE Treasurer Dr. John Nab will talk with you about the chiropractic profession's need for leaders, starting with YOU.

# What We Expect From You

- ▶ Keep your mind open, and freely ask questions.
- ▶ During the focus group this afternoon, we want your feedback about how the NBCE could do better.
- ▶ Enjoy your day and know that we are open to diverse opinions.
- ▶ Our goal is open and transparent communication. Take the information you receive today back to your campus. Presentations will be posted to the MyNBCE website so you can share them. We hope we can count on you to share what you've learned.

THANK YOU!

We appreciate your time and are privileged to have you visit this weekend.

Have a productive and fun day as you learn more about the NBCE.
