COVID-19 TEST SITE POLICY

Please continue to follow our typical test site policies of no food or drink and only bring your valid, government-issued ID and one car key. You are permitted to wear a wedding band, but no other jewelry. You will be required to bring and properly wear your own mask or face covering, as recommended by the CDC. Clear face shields are allowed. For Part I, II, III, IV & PHT exams, you are permitted to bring, in a clear plastic bag, your own hand sanitizer, if you prefer. You may also bring gloves in the same clear plastic bag to the Part I, II, III, & PHT exams only, but they are not required. If you do bring gloves please follow proper CDC glove use protocols. Gloves are not allowed for the Part IV exam. The Part IV exam will be utilizing proper hand sanitizing protocols instead of gloves. The NBCE will be providing hand sanitizer but not gloves. Please leave all other items at home or in your vehicle.
You will be subject to individual security screening procedures via visual scanning. If you refuse to submit to individual security screenings, you may be denied entrance to, or be expelled from, the testing area.

Other things to consider when attending a test administration during COVID-19:

- DO NOT come to the test site if sick (email support@nbce.org if you are not able to attend)
- Follow the CDCs hygiene guidelines
- You will be subject to a health screening before being allowed to enter the test site and can be denied entry for the following reasons:
  - If you exhibit flu-like symptoms, or have had flu like symptoms in the last 7 days. Symptoms include fever, shortness of breath, or cough.
  - If you have been to areas with high community spread, or from an area that has travel restrictions, in the last 14 days.
  - If you have been in close contact with an individual with suspected or a confirmed case of COVID-19 in the last 14 days while not practicing safe and preventative measures using personal protective equipment.
  - If you have a temperature greater than 100.4.
  - If you do not have a facial covering (which will be visually inspected)
- Read the NBCE Travel Advisory Notice
- Read the NBCE Part I, II, III, & PHT Exam Irregularity Policy
- Read the NBCE Part IV Exam Irregularity Policy
- The NBCE will be providing hand sanitizer. (you may bring your own, if preferred, in a clear plastic bag.)
- The NBCE will be enforcing social distancing to the maximum extent possible
- The NBCE will be sanitizing work spaces, computer stations, equipment, etc. in between use. This may cause slight delays in registration and setup, so patience is appreciated.
- Campus test sites may require anyone who enters their buildings to sign a statement that you are entering the campus voluntarily and that the college is not responsible if you contract COVID-19.
